3.30 ft³ - Manual Defrost - Undercounter - Manual Defrost - Reversible - 3.30 ft³ Net Refrigerator Capacity - 120 V AC - 220 kWh per Year - White - Smooth - Built-in

This counter-high refrigerator takes up very little floor space while offering a generous storage capacity. Space-saving, flush-back design, reversible door and recessed door handle allow convenient use in tight areas. Separate chiller compartment is perfect for short-term storage of frozen foods. Adjustable glass shelves and door bins allow you to easily store a wide variety of foods and drinks. Full-range temperature control keeps your items at your preferred temperature.
