French Door
Refrigerator

WOW Feature

OneTouch AutoFill™
Industry First Hands-Free
Ice & Water Dispenser

Midea OneTouch AutoFill™ is the first hands-free ice and water dispenser that automatically senses and dispenses. At the press of a button, the dispenser detects the size of your cup and dispenses the perfect amount of ice and water. The OneTouch Infinite Shelf and Door Bin can be adjusted with one hand, providing customizable storage for everything you bring home—no matter how small or tall. When it only takes one touch to keep your everyday routine running smoothly, you can **PLUS UP** what matters most.

Certifications & Warranty

OneTouch AutoFill™

PLUS UP your hydration with the first hands-free ice and water dispenser that automatically senses and dispenses. No need to hold the cup and wait.

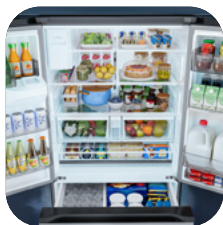

OneTouch Infinite Shelf

PLUS UP your flexibility with a shelf that slides back with just one touch, freeing up space on the shelf below.

OneTouch Infinite Door Bin

PLUS UP your adjustability with a door bin that moves up and down with just one touch, making it easier than ever to load tall items.

Jumbo Capacity

PLUS UP your space with 29 cu. ft. of storage that takes the stress out of bulk shopping.

Tall Dispenser

Our hands-free dispenser is large enough to hold 40 oz. tumblers and cups up to 10" tall.

Dual Icemakers

Icemakers in the fridge and freezer compartments produce up to 7 lbs. of ice per day.
