ABOUT LANBO

Lanbo is a global manufacturer and supplier of innovative home appliances with cutting edge technology and energy efficiency. The Lanbo Series wine and beverage coolers are designed with the customer in mind looking for timeless elegance, user-friendly features and built-in or standalone installation comparable to luxury brands, at an affordable price. Wine coolers and beverage centers that provide greater living, convenience and comfort, while contributing to the preservation of our planet. With Lanbo, you can expect quality, satisfaction and innovation, as we continuously work to improve our operations and our people, making our products safe, efficient and ethical.

LW177S 24 Inch Single Zone Wine Cooler

Our Lanbo LW177S single zone wine fridge features an impressive 165 bottle storage capacity and double pane insulated glass for optimized storage of your favorite wines. A digital easy to read LED temperature display ensures your wine collection is stored and served at the appropriate temperature. Adjustable temperature ranges allow you to select a proper, customized storage and serving temperature for red and white wines. Offering true design and installation versatility this is the perfect wine cooler for your kitchen pantry, wine cellar or family entertainment area.

MATURE CRAFTSMANSHIP GIVES A BETTER EXPERIENCE

Stainless Steel Curved Handle

Ergonomically designed to provide a comfortable door opening and closing experience

Stainless Steel Trimmed Glass Door and Strong Door Seal

The solid and reliable door body ensures stable temperature and humidity inside the unit

Double Layer Glass

The double-layers tempered glass window offers protection from harmful UV rays while still providing a full view of your collection

Safety Lock

Factory installed keyed door lock provides added security for your valuable wine collection

HIGH-END INTERIOR DESIGN ACHIEVES A PERFECT STORAGE ENVIRONMENT

Solid Beech Wood Shelf

The standard beech wood shelf is more convenient to disassemble and replace, it is more resilient and bears more stable, no peculiar smell, and will not affect the quality of wine

Smooth Rails And Sturdy Stand

The silky and smooth pull-out shelf has strong load-bearing capacity, the LW177S can carry the weight of up to 165 bottles of wine

LED Ambient Light

Soft white LED lights illuminate the interior of the wine cooler at the touch of a button, allowing you to read the label in the dark. Save energy with automatic shut off after 10 minutes of no use

Digital Control Panel

This wine cooler refrigerator features an adjustable temperature range that can be set 41° F to 64° F which provides ideal storing conditions for reds and whites

Front Venting

The front ventilation system allows the heat to escape in front of the wine cooler so it can be installed in between cabinets

Fan Cooling Circulation and Carbon Filter

The air-cooled system circulates cool air through the box and the activated carbon filter provides cleaner air, creating the best storage environment

High-Efficiency Compressor

The high quality, energy saving, quiet compressor provides vibration free cooling. Advanced cooling technology ensures even air distribution throughout the cabinet

Adjustable Support Feet

Four adjustable feet can be adjusted to suit cabinet height and uneven floors

Doors

Door Handle Design	external
